

OUR EXPERTISE IS YOUR ADVANTAGE ON THE ROAD

Model C-9ENC Enclosed Car Hauler

With over 14 years experience designing and manufacturing enclosed carriers, Cottrell has brought to market the premiere unit for hauling luxury vehicles. Utilizing screw and soft tie technology, the C-9ENC has proven to be the only choice for those serious about hauling vehicles in an enclosed environment. Although tractor specifications for this unit are very unique, there are many built-in features that allow load maximization while protecting your payload. To see if Cottrell's C-9ENC is the right unit for your business, please contact one of our experienced sales representatives today!
