

OUR EXPERTISE IS YOUR ADVANTAGE ON THE ROAD

Model 5-Pack Metro Chain Car Hauler

5 Pack Car HaulerThe 5-Pack Metro unit has proven to be a solid utility for many auto transport companies. Combined with a strategy to distribute vehicles over short lengths and to metro locations, Cottrell's 5-pack car hauler can adequately supplement your equipment line up. Designed with the same systems used in our custom headramps and built to our industry leading quality standards, this 5 car hauler offers amazingly quick loading capability and can be operated at an uncomplicated pace. Contact us to see if Cottrell's 5-Pack Metro would be a good fit for your business.
