

OUR EXPERTISE IS YOUR ADVANTAGE ON THE ROAD

Model 3-Car Standard

The legendary 3-car headramp offers our customers the traditional look and feel. With the Box Style design, the standard 3-car lives up to many years of road experience. Equipped with two sets of strategically placed wheel pockets and Cottrell's original removable rear upper skirts, the standard 3-car offers our customers versatility in this very reliable product. If you are thinking about adding to your fleet, contact your sales representative to see if the standard package is right for you.
