

OUR EXPERTISE IS YOUR ADVANTAGE ON THE ROAD

Model 5-Car Std Day Cab

Although the days of hauling 5 cars on the headramp are few and far between, Cottrell still offers the Standard 5-Car Package for our day cab fleets. With all the features and flexibility of our 4-car day cab designs, Cottrell provides you with a choice of transition decks. The traditional slide and tilt design offers the utmost support and versatility while our double telescoping lift deck with flippers provides you with a lighter option. If your business plan consists of hauling small vehicles and sedans, the standard 5-Car may be right for you. Call today!
