

OUR EXPERTISE IS YOUR ADVANTAGE ON THE ROAD

Model CX-5304 High Mount Metro Car Hauler

The CX-5304 is a high mount product that can be utilized to meet the demand of special hauls. This product also offers an opportunity to break into the industry with limited exposure and experience while maintaining maximum load efficiencies. This model contains all the added benefits of owning a Cottrell product including Intraax axles, L.E.D lights, air brakes, aluminum tracks, and 20,000 pound axle rating. This product is best used with a single axle business class truck. Call today to hear more!
