

OUR EXPERTISE IS YOUR ADVANTAGE ON THE ROAD

Model CX-09SS High Sideframe Screw Car Hauler

Cottrell's CX-09SS represents prominence by its sleek look and superior design that is a result of countless hours of collaboration between Cottrell and our customers. This 9-car soft tie down unit is the most maintenance friendly model on the screw drive market today. Stainless steel corrosion free screws, unique joy stick hydraulic valves, and adjustable decks with no flippers have established this unit as the most sought out design in its class. Cottrell continues to revolutionize the industry with its patent pending quick release/positive lock/adjustable strap tie down system. If your current customer base requires strap tie downs for quality vehicle transport, this unit is sure to be the answer. Please contact an experienced Cottrell sales associate to find out more about one of our proven models.
