MODEL C-7510ST LOW SIDEFAME STACK CAR HAULER

Cottrell's C-7510ST low rail stacking trailer has become a customer favorite of the Classic series. With 3 independent top decks that slide, this low rail trailer gives the high rails a run for their money in the versatility category. The unique side-frame design allows for very strong door openings not often found in a low side trailer. So if you want a low side trailer with high rail capabilities, the C-7510 is the trailer for you. Contact an experienced sales representative for more information today.

OUR EXPERTISE IS YOUR ADVANTAGE ON THE ROAD

WHY THERE'S NO SUBSTITUTE FOR A COTTRELL

QUALITY YOU CAN COUNT ON

Cottrell products are built to the highest standards. With over 100 years of combined experience, our engineering team is constantly working to improve our products, ensure structural integrity and customize our car haulers to meet the specifications of your loads.

WARRANTY A 2 year structural warranty is the best in the business. Many individual parts and systems also include additional warranties.

MATERIALS Our haulers are born from the best materials available, including Domex 100,000 yield strength steel and aluminum alloys.

Corrosion Resistant Zinc rich epoxy primer electro-static paint process and rust inhibitor inside the bottom rails will keep your equipment looking fresh and is available on all models.

SUPERIOR RESALE VALUE Cottrell car haulers maintain a superior resale value. Plus, we'll help you sell your equipment with a free listing on our website.

YOUR BOTTOM LINE MATTERS

Cottrell haulers are engineered with your bottom line in mind. Whether it's minimizing weight or meeting new environmental regulations, we're focused on optimizing your car haulers to save you money.

LIGHTWEIGHT From aluminum hydraulic cylinders, air tanks and valves, to lightweight parflex hose and accessories, our engineers have maximized lightweight materials to reduce weight.

TIRE INFLATION MONITORING As an optional upgrade, Cottrell car haulers can have tire inflation monitoring systems to further maximize your fuel efficiency.

DESIGNED WITH YOUR SAFETY AND COMFORT IN MIND

We build the most driver-friendly car haulers in the industry. Whether great ideas start with our engineers or our customers, we're continuously optimizing our haulers with features that increase driver safety and comfort.

OPERATIONAL EFFICIENCY Patented quick release ratchet tie down systems, LED lights with 'fit and forget' connectors and gravitational slide out loading skids help you get loaded and on the road.

ERGONOMIC Door openings and loading angles are optimized for ease of use and to prevent damages.

SAFETY FIRST Fall protection kits and extended catwalks are engineered with driver safety in mind.

COLD WEATHER OPTIONS For cold weather areas, upgrade with side curtain and king pin apron kits, thinner hydraulic fluid, tuff coat hose protectant and aluminum belly pans.

OUR EXPERTISE IS YOUR ADVANTAGE ON THE ROAD

ONE SIZE DOES NOT FIT ALL

While Cottrell offers over 40 different trailer models to fit your applications, we know there's no universal solution. Our engineers will work with you to use your hauling routes and the vehicle types you carry to create a fully optimized piece of equipment.

SHORT HAUL VS LONG HAUL

Depending on your route needs, Cottrell engineers can work with you to create a car hauler that's optimized to fit more vehicles for long hauls or minimize steps in the loading sequence for short hauls.

CUSTOM PAINT

With state of the art paint booths, we can match any custom color. An electro static paint process leaves your hauler with a durable finish that prevents rust and comes with a 5 year limited warranty.

SUPPORT, WHENEVER AND WHEREVER YOU NEED IT

Cottrell equipment is built to last, but if you need maintenance, repair or refurbishment, we're here to help.

Nationwide Authorized Warranty Repair Centers

Over 100 repair shops and dealers around North America means support is never far away. You can even bring your equipment directly to Cottrell where our 13 bay service center and driver lounge are waiting to address your needs.

PARTS, MADE IN THE USA

A large percentage of our parts are produced and assembled in the USA. And, our fully stocked aftermarket warehouse ships stock items out the same day. Custom parts can be made and shipped within 40 hours.

EQUIPMENT REFURBISHMENT

Cottrell can modify your equipment when your load needs change, or new regulations are put in place. You can expect your newly refurbished unit to have the same quality as our new production units.
