

Help your workforce work through life's challenges, before they impact your business

Employees can now get help with medical and dental bills

- Our EAP program comes with **Medical Bill Saver™**, which can help lower employees' out-of-pocket costs on medical and dental bills.
- We work with medical and dental providers to negotiate and lower bills over \$400 where possible.

We've all experienced some type of personal problem, concern or emotional crisis at one time or another. Unum's EAP+Work/Life program gives employees access to counselors* and services for help with personal, family and work issues. Because when employees get the help they need, they can give their best at work.

Employee assistance program

Unum's employee assistance program (EAP) is designed to help your employees lead happier and more productive lives at home and at work. When they have issues, they can work with Licensed Professional Counselors to define the problem and obtain appropriate assistance.

Through the EAP, employees can get help with personal, family and work issues such as:

- ✓ Stress, depression, anxiety
- ✓ Relationship issues, divorce
- ✓ Job stress, work conflicts
- ✓ Family and parenting problems
- ✓ Anger, grief and loss
- ✓ Addiction, eating disorders, mental illness

The Licensed Professional Counselor will either address concerns during a few initial sessions or refer the employee to other appropriate counselors or community resources for long-term help.

Who is covered?

Unum's EAP services are available to all eligible employees, their spouses or domestic partners, dependent children, parents and parents-in-law.
